SPRINGFIELD TECHNICAL COMMUNITY COLLEGE LIBRARY

SPRINGFIELD ARMORY 1794-1972

The Springfield Armory, until its phase-out, the technical and scientific center for American military weapons ranging from pistols, rifles and machine guns to aircraft armament, this year observes its 178th anniversary. Springfield was chosen as the site of a considerable number of skilled gunsmiths, blacksmiths and craftsmen.

Years ago, Henry Wadsworth Longfellow visited the armory and wrote his poem "The Arsenal at Springfield." In that poem he expressed the thought:

Were half the power, that fills the world with terror,
Were half the wealth, bestowed on camps and courts,
Given to redeem the human mind from error,
There were no need of arsenals nor forts.

Thus, on the same soil where Longfellow stood when he recited that verse, Springfield Technical Community College is now fulfilling that age-old dream. Established in September, 1967, the college is located on One Armory Square, Springfield, Massachusetts.

PHYSICAL SCIENCE

HUMANITIES

Springfield Technical Community College has begun construction on the 36-acre campus, of a $45-million expansion project. These three buildings are the look of the future for STCC. The Physical Science, Humanities and Biological Science buildings will be located on the north side of the armory parade grounds from the center of the campus to Pearl street. Nothing would be built on the parade grounds which will be maintained as a historical site. Construction will not affect either the Springfield Armory Museum or the Commandant's home. The architects' design calls for red brick facing on the new buildings to blend with the historic armory buildings. The three buildings will be the first step in enabling the college to grow to the 5,000 student level.

STCC is not only growing building wise, but academically as well. In December of 1971 STCC was notified by the New England Association of Colleges and Secondary Schools that it had received full accreditation by the New England Association. Just four years old, STCC became one of the youngest comprehensive colleges to be fully accredited.

FOOTBALL

. . . The first tackle football team of STCC had 50 courageous, young men trying out. Unfortunately, due to expenses, only 34 were chosen to do battle on the gridiron. Those picked showed great enthusiasm and fought hard, giving their all, some gave more. Fifteen of the players were unable to complete the season due to injury, leaving only 19 to carry the ball.

Even with all these handicaps and besides being a newly formed team playing against some strong veteran football schools we were still successful in pulling down a couple of victories for STCC.

SOCCER

. . . Our Soccer team this year went all the way to become the Massachusetts Community College Athletic Association Champs, meaning that we are the best Community College Soccer Team in the whole state. With a record of 13 and 2 Coach John Bugbee and his assistant Lee Tuthill can certainly be proud of the flying feet of their fine players who footed the ball to final victory.

BASKETBALL

In Western Massachusetts there is no better community college basketball team than that from STCC. Led by Coach William Manzi, the team, with a record of 18-3, won the Western Mass. Community College Conference. In the State finals we took second place losing to Berkshire Community College by only 2 points. Congratulations on a job well done!

Rocky Delorge

The cheerleaders were there in body and spirit when it came to supporting our basketball team. Under the direction of Ruth McClain, they really showed their stuff. The spirit, enthusiasm and encouragement from these girls must certainly have helped our team do their best on the court.

HOCKEY

It was a real good year for the STCC hockey team. Anyone who ever attended a game can attest to this. With overwhelming scores like 26-0, the skaters left the ice as an undefeated team. Yes, of some ten games played we never lost a one. Coach Joseph Morrisino certainly did something right. As the Director of Athletics, Mr. Willie Manzi said, "This is the best hockey team the school has ever had." Each individual player can really be proud of their achievement.

Mike Granmorossa

Robert Dennard

Jim Naglieri

Butch Regnier

Philip Thomas

. . . The baseball team started off great this season going undefeated until the team's number one pitcher Jim Naglieri was injured. The rainy weather and lots of double headers to play caused a strain on the pitching staff.

The season ended with the Rams finishing in 3rd place with a 8-6-1 record in the Western Mass Community College Athletic Association.

Coach William Manzi feels special recognition is due for Stan Wojnar who achieved a 402 average and Bruce Rock for his fine job at pitching and fielding.

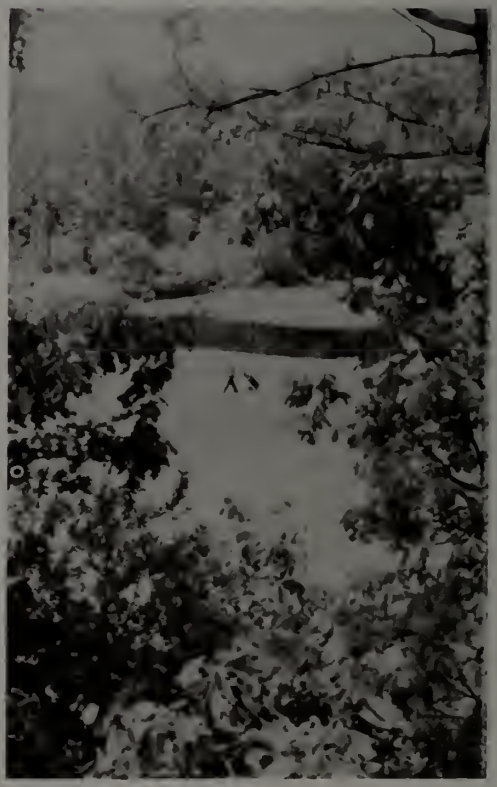
Due to poor weather, the golf team was only able to play 6 games. Coach Andrew Scibelli said the team played well winning two losing four, with close games.



STCC STUDENT SENATE 1971-1972

THE PURPOSE OF STUDENT ASSOCIATION

As stated in the student handbook, the purpose of this body is to provide "a wholesome and beneficial exposure to extracurricular activities during the college year." This purpose also includes the representation of the student body, approving of student organizations on campus, and the administration of the budget for student affairs, this year totaling $85,442.73.

The Student Senate . . .

the people who brought you . . .

. . . twenty thousand dollars worth of fun in the fall and spring picnics, a night out completely free at six excellent plays at Stage West, a little bit of culture in 50 seats at the Springfield Symphony presentations, a year full of STCC-IT and an earful of WTCC, free coffee for the asking at the Vet's Club, movies to watch once a week in Afro-Am while skipping class, parties every Friday at the Student Union to help you get ready for the strenuous weekend ahead, ten thousand dollars worth of athletes and pom-pom girls, this yearbook free to all seniors, an alumni association so you can remember this place, lotsa money to all the little clubs people like to join, a winter carnival, the intercollege March Concert, free speakers of general interest, and the lovely Coronation Ball and Campus Queen. Oh, and a $475.11 bill for aspirin for next year's Senate.

PRESIDENT'S MESSAGE

There is a certain pride and joy that comes with watching a class of students receive their degrees and venture forth — some to enter the business and professional worlds and put to use the skills they have acquired here; others to continue their education at other institutions where they will build on the foundation which Springfield Technical Community College has provided.

There is a certain sadness, too, in this parting for we have shared much during the past two years here at Springfield Technical Community College. STCC has a great deal to offer its students — a beautiful and historic campus; a variety of interesting and diversified courses; a highly specialized and talented faculty of men and women dedicated to providing a high quality education and specialized training for its students.

Now that you have completed the requirements for the degree in your chosen program, we — the faculty, staff, and administration — all share with you the sense of pleasure and accomplishment which the granting of these degrees and certificates represents.

Your time here was a gift and a challenge you had chosen to accept. By your decision you were given the opportunity to learn more about the world around you — its past, its present, as well as its future, for you are its future.

You now face an even greater challenge. In this age of contrast and conflict, we, of another, older generation, must look to you to discover the form and direction of the future. I have great confidence and trust in this new generation and in its ability to accept and meet the challenge this world presents to them. I have a deep faith in our future.

May I congratulate each of you as you prepare to leave Springfield Technical Community College, taking with you all the best we have to offer. May the future smile on you, and, under your leadership, may we learn at last to live together in peace.

Edmond P. Garvey
President

THIS YEARBOOK IS DEDICATED TO:

TERESINA B. THOMPSON

DEAN OF FACULTY

When you have worked closely with someone for over 22 years, you get to know that person very well, both on a professional and personal level.

I have worked with Teresina B. Thompson since 1950, and if I were to describe her in one short phrase, it would have to be "a truly beautiful human being." She is not only a talented, energetic individual, dedicated to the education of others, but also a wonderfully warm and caring person. Now, she is retiring as Dean of Faculty at Springfield Technical Community College, a position she has held since the College was established in 1967.

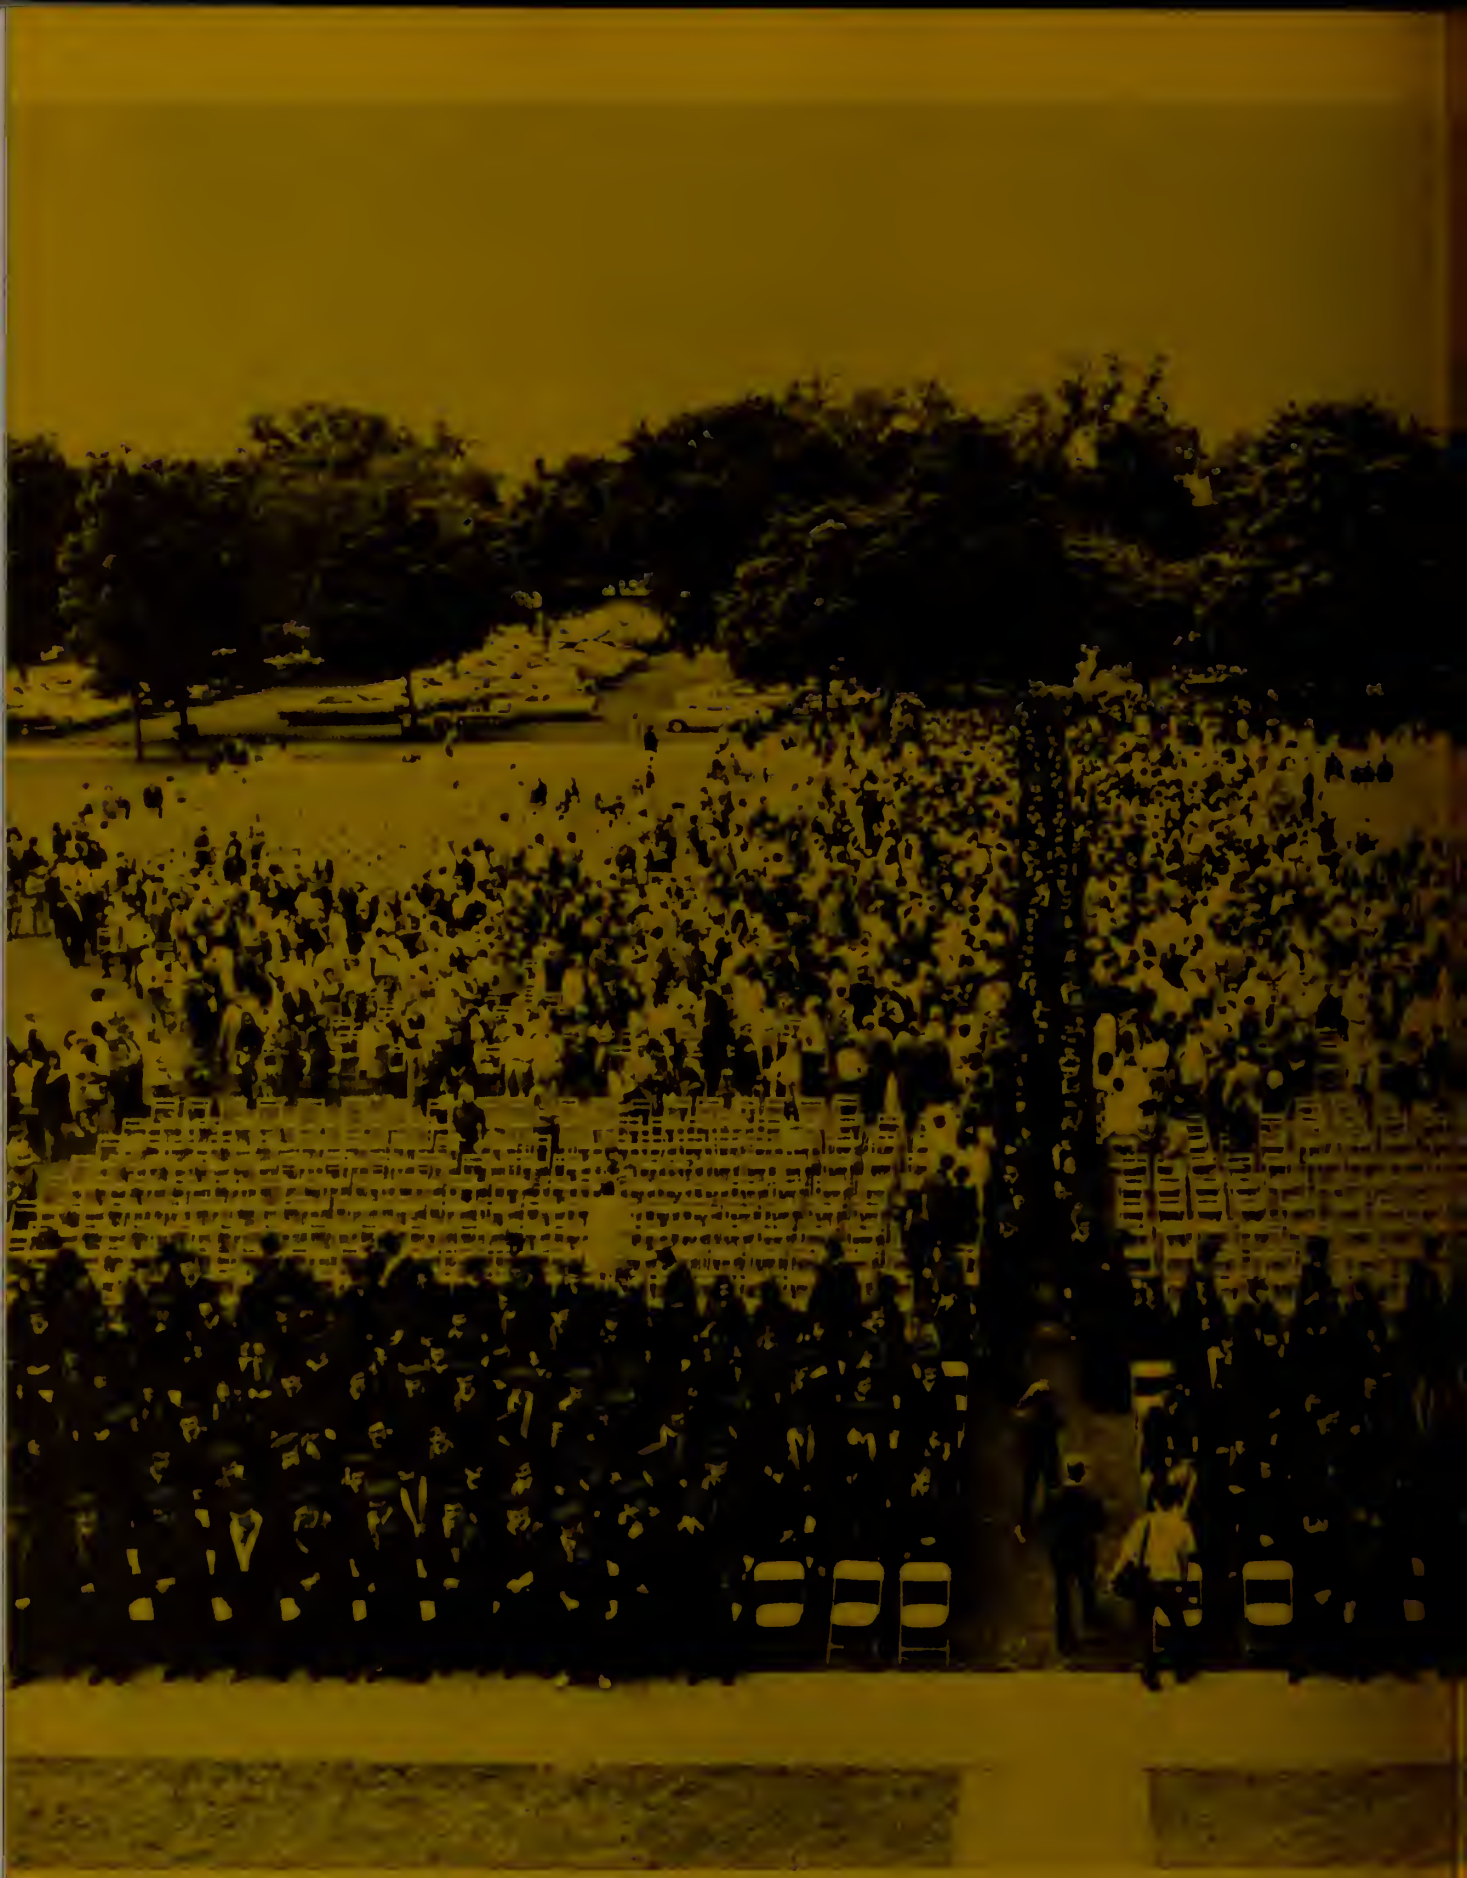
Dean Thompson played a major role in the development of this College. Her contributions have been many and varied, but they have all been directed toward the goal of insuring that people who wish to continue their education at an institution of higher learning shall have the opportunity to do so.

One of her major contributions at STCC has been in the field of health service programs. She is responsible for the development of all the allied health service programs which STCC now offers, programs which take an unimaginable amount of time and energy to implement.

But even more important than the programs she has developed and nurtured at the College are her attitude, her own personality, and her concern for others. She has, at all times, been interested in welfare, accomplishments, and concerns of STCC's faculty, and employees. Her kindness, friendliness and genuine interest in people have been a primary factor in developing the feeling of cooperation which pervades this campus. This "esprit de corps" has become so noticeable that visitors have commented to me on the feeling of closeness which exists here. We all know that Dean Thompson's influence is at work every time we hear such a remark.

On behalf of all of us here at STCC — faculty, staff, and students — I say that we will miss Dean Thompson, and furthermore, we want her to know we are all deeply grateful for all she has done for this College. We shall continue to build on the foundation which she has worked so enthusiastically and unceasingly to lay. Because of the contributions she has made, we are now able to offer new students still other open doors to the future.

We all wish her and her husband happy sailings and godspeed in their journey into the well deserved new life of rest, relaxation and happiness.



LIVE A FULL LIFE

Live a full life,
Be akin to the world.
Hear the sound of the sea,
Note the hue of a pearl.
Walk not with the throng,
Set a course of your own,
The ship that sails far
Often finds the unknown.
Live a full life,
Lift a bird to its nest.
Give your talents free rein,
Share what you possess.
Jump down from the shelf,
Be a banner unfurled.
Be glad you're alive,
Be a part of the world.

O. J. Robertson

Seniors, faculty and administration; here is your 1972 yearbook intact and well. This book comes to you by five Graphic Art students who volunteered their time and talents, throughout the year. We have tried to include as many people and activities as time, money and co-operation would allow. On behalf of the staff, I would like to extend our many thanks to the class of '72, and the following people: Gail Pederzoli, William MacRae, James Langone, Mike Gareffi, Ed Woytowicz and Jack Holowitz, who contributed to the success of the yearbook.

It has been a pleasure to have had the opportunity of being a part of the 1972 STCC Yearbook.

Best of luck to next year's editor, which I will leave with this encouraging comment, "It's just the first 250 pages that are the hardest!"

Carol Leonard
